

The Revolution Wheel

Elegant in design and finished with the world's finest veneers. Designed and manufactured in Japan, the MATSUI Revolution Wheel is a pre-requisite for any casino. Proven in tests, the new bearing assembly guarantees a spin rate, which is unsurpassed in its smoothness and duration. Equipped with a non-ferrous separator ring which can be indexed to 37 or 38 positions, the MATSUI Revolution Wheel is fully tamper proof for guaranteed security.

Revolution Wheel

The colours and design can be customized to suit your operation.

The Revolution is available with single or double zero. Font and colours can be customised.

Turret machined and polished from solid metal and can be engraved with the casino name and logo.

Adjustment bolt.

Japanese designed and precision-engineered bearing assembly ensures a superior spin rate.

Cone finished with the finest veneers.

Non-ferrous CNC machined separator ring, capable of being indexed to 37 or 38 positions.
